(516) 763-4106
FAX: (516) 763-5217

Dr. Alexander Hatis is Certified by the [American Board of Ophthalmology](#), a Fellow of the [American College of Surgeons](#), and double Board Certified in both LASIK and Incisional Refractive Surgery by the [American Board of Eye Surgery](#). Since Dr. Hatis had been studying the healing effects of laser surgery on the human eye during the United States FDA clinical trials, he felt comfortable using the laser to perform the procedure. Dr. Hatis was the first surgeon to perform refractive surgery with the Excimer laser on Long Island in 1995.

Our own experienced staff of licensed certified nurses and ophthalmic technicians have assisted Dr. Hatis with thousands of procedures since our 1st vision correction surgery was performed in 1985. We are proud that all of our staff members have been certified in the use of both the Alcon LadarVision, and the [LaserSight LSX flying spot lasers](#). Our staff members have assisted Dr. Hatis in thousands of vision corrective procedures and are comfortable in dealing with all levels of care for the patient seeking vision correction.
